Falls caused by accidents in the home can often be prevented, and the Dorset Partnership for Older People's Programme (POPP) has teamed up with Dorset & Wiltshire Fire and Rescue and a number of other partner agencies, for home safety and falls prevention events taking place across the county starting in September 2016

The aim is to raise awareness of potential dangers in the home, including faulty or damaged electrical equipment that can lead to domestic fires, and injuries caused by slips, trips, and falls.

There will also be information about surviving the winter, accessing aids and adaptations for your home, joining local activities and managing your finances.
