Clerk instructed to write to Dorset Council Planning</p> <ul style="list-style-type: none"> • The Parish Council has no objection in principle to the proposed redevelopment of the existing dwelling with the formation of a new storey and the building of a new garage. • The Parish Council is, however, concerned about the descriptions of the building materials being proposed for use in this application and the potential for an unsympathetic visual aspect on the Grade II listed building immediately next door and within a village setting. • The council observes that two proposed windows at the rear elevation will overlook the gardens of the 'Thatched Cottage' and 'Sheriffs Mead' and requests consideration as to the size and situation of these windows, particularly as the redevelopment of the dwelling will be situated a higher level to both neighbouring properties. • The council also observes that the proposed development's footprint will extend into the existing garden area which supports 2 mature trees; the council ask if these <i>Sycamore</i> trees will be removed to provide a better view of Hambledon Hill? • The Parish Council petitions Dorset Council Planning that this application be referred to the Dorset Council (Northern) Conservation Team for further scrutiny, recommendations and decisions regarding the proposed description and use of materials to complete this development and that they are compatible in design and style as befits the local area. <p>b.
